```
Connection to 65.0.80.110 closed.
PS C:\Users\User> ssh -i "$env:USERPROFILE\Downloads\ewb-lab.pem" -J ec2-user@65.0.80.110 ec2-user@10.10.2.1
```

Terminate (delete) instances

⚠ On an EBS-backed instance, the default action is for the root EBS volume to be deleted when the instance is terminated. Storage on any local drives will be lost.

Are you sure you want to terminate these instances?

Instance ID	Termination protection
i-0753f01e6702a5026 (ewb-bastion)	Disabled
i-08a3ba7eb60d9f4fa (ewb-app-a)	Disabled
i-06f8c6bb539150c3d (ewb-app-b)	Disabled

To confirm that you want to delete the instances, choose the terminate button below. Instances with termination protection enabled will not be terminated. Terminating the instance cannot be undone.

Skip OS shutdown

This option skips the graceful OS shutdown process. Use only when your instance must be stopped immediately, such as during an emergency or failover.

☐ Skip OS shutdown

Cancel Terminate (delete)
